Index to NLGI SPOKESMAN, Volume XLI April 1977- March 1978

Index by Authors

Bergman, F. J., *An Overview of Odor Regulations, Detection And Control,* 4, XLI, July 1977

Brassard, J. L., *President's Address – 1977,* 9, XLI, December 1977

Caruso, G. P., *Current Status of NLGI Reference Systems – 1977,* 12, XLI, March 1978

Coppoc, W. J., *The Petroleum Industry – Pioneer Environmentalist,* 1, XLI, April 1977

Crookshank, F. T., *The Evaluation of Components For Non-soap Thickened Greases,* 3, XLI, June 1977
Co-author, G. S. Bright

Gesdorf, E. J., *Cost Reduction – A Benefit Of Centralized Lubrication,* 3, XLI, June 1977

Hanley, W. J., *1978 Car Trends And Lubrication Requirements,* 9, XLI, December 1977

Harting, G. L., *Measurement Of The Extreme Pressure Properties Of Lubricating Greases With The Timken Tester,* 10, XLI, January 1978

Kelly, D. P., *Putting The 'Private' Back Into Private Enterprise,* 3, XLI, June 1977

Lewis, J. D., *Marketing A Low-Temperature Grease For Arctic Service,* 4, XLI, July 1977
Co-author, G. R. Trabert

Lindeman, M.A., *Friction And Wear Technique For Grease & Oils,* 2, XLI, May 1977
Co-author, A. T. Polishuk

Moore, L. D., *Why Profits Are Patriotic,* 1, XLI, April 1977

Osborne, R. E., *New Trends In Gear Lubricant Viscosity,* 6, XLI, September 1977

Propp, D. H., *Lubrication – Life Blood Of The Railroad Industry*, 8, XLI, November 1977

Ridson, T. J., *Some Energy Implications For The Use Of MoS_2 In Greases*, 5, XLI, August 1977

Root, J. C., *A Proposed System For Classifying Industrial Lubricating Greases*, 11, XLI, February 1978

Co-author, R. H. Focke

Schiemann, L. F., *New Technology And Gear Lubricants*, 8, XLI, November 1977

Scott, C. B., *Can The Petroleum Industry Survive Present And Future Environmental Regulations?*, 5, XLI, August 1977

Scott, W. P., *Dialkylbenzene Based Lubricants For Extreme Temperature Service*, 8, XLI, November 1977

Co-author, A. P. McCloud

Solzman, C. M., *Field Testing And Marketing A New Food Machinery Grease*, 12, XLI, March 1978

Co-author, R. E. Warren

Teel, J. K., *The 1975 NLGI Grease Study*, 2, XLI, May 1977 Presented by F. E. Chamberlin

Tobolski, F. P., Sr., *The Role Of Packaging Communications In The Automotive Aftermarket*, 6, XLI, September 1977

Werbe, F. A., *The Need To Aggressively Defend Environmental Protection Actions*, 5, XLI, August 1977

Wilson, A. R., *The Effect Of Airflow On Grease Life In Rolling Bearings At Elevated Temperatures*, 4, XLI, July 1977 Presented by A. C. B. MacPhail

Index by Titles

An Overview Of Odor Regulations, Detection And Control, F. J. Bergman, 4, XLI, July 1977

Can The Petroleum Industry Survive Present And Future Environmental Regulations?, C. B. Scott, 5, XLI, August 1977

1978 Car Trends And Lubrication Requirements, W. J. Hanley, 9, XLI, December 1977

Cost Reduction – A Benefit Of Centralized Lubrication, E. J. Gesdorf, 3, XLI, June 1977

Current Status Of NLGI Reference Systems – 1977, G. P. Caruso, 12, XLI, March 1978

Dialkylbenzene Based Lubricants For Extreme Temperature Service, W. P. Scott, A. P. McCloud, 8, XLI, November 1977

The Effect Of Airflow On Grease Life In Rolling Bearings At Elevated Temperatures, A. R. Wilson, A. C. B. MacPhail, 4, XLI, July 1977

The Evaluation Of Components For Nonsoap Thickened Greases, F. T. Crookshank, G. S. Bright, 3, XLI, June 1977

Field Testing And Marketing A New Food Machinery Grease, C. M. Solzman, R. E. Warren, 12, XLI, March 1978

Friction And Wear Technique For Grease & Oils, M. A. Lindeman, A. T. Polishuk, 2, XLI, May 1977

Lubrication – Life Blood Of The Railroad Industry, D. H. Propp, 8, XLI, November 1977

Marketing A Low-Temperature Grease For Arctic Service, J. D. Lewis, G. R. Trabert, 4, XLI, July 1977

Measurement Of The Extreme Pressure Properties Of Lubricating Greases With The Timken Tester, G. L. Harting, 10, XLI, January 1978

The 1975 NLGI Grease Study, J. K. Teel, F. E. Chamberlin, 2, XLI, May 1977

The Need To Aggressively Defend Environmental Protection Actions, F. A. Werbe, 5, XLI, August 1977

New Technology And Gear Lubricants, L. F. Schiemann, 8, XLI, November 1977

New Trends In Gear Lubricant Viscosity, R. E. Osborne, 6, XLI, September 1977

The Petroleum Industry – Pioneer Environmentalist, W. J. Coppoc, 1, XLI, April 1977

President's Address – 1977, J. L. Brassard, 9, XLI, December 1977

A Proposed System For Classifying Industrial Lubricating Greases, J. C. Root, R. H. Focke, 11, XLI, February 1978

Putting the 'Private' Back Into Private Enterprise, D. P. Kelly, 3, XLI, June 1977

The Role Of Packaging Communications In The Automotive Aftermarket, F. P. Tobolski, Sr., 6 XLI, September 1977

Some Energy Implications For The Use Of MoS_2 In Greases, T. J. Risdon, 5, XLI, August 1977

Why Profits Are Patriotic, L. D. Moore, 1, XLI, April 1977

Index by Category

GEAR LUBRICANTS

New Technology And Gear Lubricants, L. F. Schiemann, 8, XLI, November 1977

New Trends In Gear Lubricant Viscosity, R. E. Osborne, 6, XLI, September 1977

GENERAL

The Need To Aggressively Defend Environmental Protection Actions, F. A. Werbe, 5, XLI, August 1977

The Petroleum Industry — Pioneer Environmentalist, W. J. Coppoc, 1, XLI, April 1977

President's Address – 1977, J. L. Brassard, 9, XLI, December 1977

Putting The 'Private' Back Into Private Enterprise, D. P. Kelly, 3, XLI, June 1977

Why Profits Are Patriotic, L. D. Moore, 1, XLI, April 1977

MARKETING

Field Testing And Marketing A New Food Machinery Grease, C. M. Solzman, R. E. Warren, 12, XLI, March 1978

Marketing A Low-Temperature Grease For Artic Service, J. D. Lewis, G. R. Trabert, 4, XLI, July 1977

NLGI

The 1975 NLGI Grease Study, J. K. Teel, F. E. Chamberlin, 2, XLI, May 1977

LUBRICATING GREASE

Additives

Some Energy Implications For The Use of MoS_2 In Greases, T. J. Risdon, 5, XLI, August 1977

Application

Cost Reduction – A Benefit Of Centralized Lubrication, E. J. Gesdorf, 3, XLI, June 1977

Lubrication – Life Blood Of The Railroad Industry, D. H. Propp, 8, XLI, November 1977

Characteristics

An Overview Of Odor Regulations, Detection And Control, F. J. Bergman, 4, XLI, July 1977

Dialkylbenzene Based Lubricants For Extreme Temperature Service, W. P. Scott, A. P. McCloud, 8, XLI, November 1977

The Effect Of Airflow On Grease Life In Rolling Bearings At Elevated Temperatures, A. R. Wilson, A. C. B. MacPhail, 4, XLI, July 1977

Measurement Of The Extreme Pressure Properties Of Lubricating Greases With The Timken Tester, G. L. Harting, 10, XLI, January 1978

Classification

A Proposed System For Classifying Industrial Lubricating Greases, J. C. Root, R. H. Focke, 11, XLI, February 1978

Government Regulations

Can The Petroleum Industry Survive Present And Future Environmental Regulations?, C. B. Scott, 5, XLI, August 1977

Packaging

The Role Of Packaging Communications In The Automotive Aftermarket, F. P. Tobolski, Sr., 6, XLI, September 1977

Raw Materials

The Evaluation Of Components For Nonsoap Thickened Greases, F. T. Crookshank, G. S. Bright, 3, XLI, June 1977

Reference System

Current Status Of NLGI Reference Systems – 1977, G. P. Caruso, 12, XLI, March 1978

Requirements

1978 Car Trends And Lubrication Requirements, W. J. Hanley, 9, XLI, December 1977

Testing

Friction And Wear Technique For Grease & Oils, M. A. Lindeman, A. T. Polishuk, 2, XLI, May 1977
